

The 9th Annual
CSR LEBANON FORUM
 Re-thinking Progress: The Circular Economy

3 October 2019 - Four Seasons Hotel

ABOUT THE FORUM

The 9th CSR LEBANON FORUM will provide deep insight on the concept of Circular Economy as the next era of sustainable business with a focus on business model innovation and capturing opportunities to drive performance. It will also emphasize the role of waste management in the context of a circular economy transition moving beyond the perception of ‘waste as a problem’ to ‘waste as a resource’.

Like every year, the Forum brings together more than 600 business leaders and professionals, civil society activists, researchers and academics, innovators, public authorities and policymakers.

WHY YOU SHOULD BE THERE

Participants at The 9th CSR LEBANON FORUM will benefit from:

- Supreme networking with international experts and senior executives from leading multinational brands in the sustainability and corporate responsibility space.
- Access to high level focused discussions by experts on future sustainability risks and opportunities and the way forward to achieving SDGs through the Circular Economy.
- Identifying new innovations, materials, technologies and partnerships that will help your business deliver ambitious social and climate impacts.
